Cabinetry: Laminex FormWrap doors in **White Satin** finish with a Classic 2mm profile.

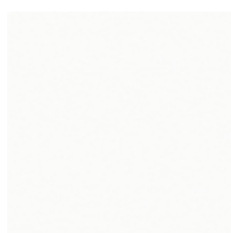

Laminex® FormWrap™ Panel Options

For a complete kitchen design, Laminex® FormWrap offers various panel and shelving options from double-sided panels, return wrap panels as well as matching Laminex decorated panel range.

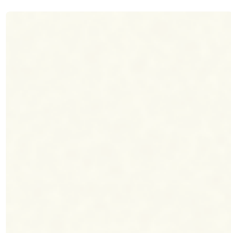

Matched Laminex Decorated Panel Range

Matching Laminex decorated panel can be incorporated as shelving, oven surrounds, kickers or end panels to provide a complementary and economical solution. Offered in the most popular Laminex FormWrap colours, this range has been specifically developed to match to the Laminex Colour Collection, ensuring seamless transitions from FormWrap Door to Laminex Decorated Panel.

Return Panels

FormWrap™ Return Panels* offer a continuous square edge on your vinyl wrapped panels. This option allows for the appearance of thicker panels, as well as providing your end panels, refrigerator and pantry panels a seamless look.

Shelving

Integrate shelving units into your kitchen build by utilising double-sided FormWrap Panels or the matching Laminex decorated panel range.

FINISH: F = Laminex Flint finish (ideal match to FormWrap Textured finish), SF = Laminex Silk Finish (ideal match to FormWrap Gloss finish), ^Natural finish is not a standard offer and attracts longer lead times. *Maximum Return Panel height of 2400mm.

Cabinetry: **Laminex FormWrap**,
doors in **White Satin** finish with a **Settler**.

Laminex FormWrap doors are marketed and distributed by Laminex Group Pty Limited ABN 98 004 093 092, trading as Laminex. In some cases, Laminex® uses computer generated imagery (CGI) to provide graphical representations of our products where actual photos are not available. The colours and finishes of the products featured within all Laminex imagery are as close to the Laminex range as CGI, photographic lighting and our printing processes allow. Different camera angles, although not designed to be misleading, can sometimes distort actual size and distances. Laminex FormWrap doors are no different than any other material in that darker colours will always show scratches and superficial wear and tear more readily than lighter colours. Laminex FormWrap doors should be protected from strong, direct sunlight as continuous exposure may cause discolouration or fading to the surface. Please obtain a copy of the terms and conditions of the Laminex Limited Product Warranty from [Laminex.com.au](https://www.laminex.com.au). This warranty is in addition to any rights that may exist under the Australian Consumer Law. Laminex® FormWrap™ doors, Essastone by Laminex®, Lamiwood.
