

Corian® is the best choice for your Kitchen.

Why Corian®?

Corian® Solid Surface is a high tech surface, manufactured globally by DuPont™. It is made from an advanced blend of natural minerals, pigments, acrylic resin and is 100% Quartz and Silica Free, meaning it can be safely finished with seamless joins when being installed in your home.

Why is Corian® unique compared to other surface materials?

SEAMLESS JOINS

Complete design freedom, no working to slab sizes or having to worry about where joins need to be located.

STAIN RESISTANT

Corian® is one of the most Hygienic surfaces available and will never permanently stain.

REPAIRABLE & RENEWABLE

A benchtop for life, that can look brand new, even when you go to sell your home!

TILE COVING & SPLASHBACKS

Seamlessly transition from benchtop to splashback with Corian®. This is particularly useful behind sinks and cooktops, as you will never have a mouldy silicone or grout line ever again at this junction.

ZERO SILICA

Corian® contains zero silica and as such, provides no risk of silica exposure.

TEXTURED SURFACES

Multi-dimensional Corian® textured surfaces.

What are some other unique product differences?

SEAMLESS AXIX SINK RANGE

Have the best of both worlds - Seamless Corian® sink integration with matching sink wall colour to benchtop, combined with on trend metal base finishes available in Stainless Steel, Gunmetal, Copper and Gold Brass.

TRANSLUCENT

Create the wow factor with backlighting your Corian® surface. Available in a range of colours.

FORMABLE

Bend it and shape it.... If you can imagine it, chances are you can do it with Corian®.

10 YEAR WARRANTY

DuPont™ Corian® is backed by a 10-Year Limited Warranty when fabrication and installation are performed by a DuPont™ Certified Fabricator Installer.
